Subject: DOE's position on public involvement at the EMDF and misc
Attachments: DOE's position on public involvement EMDF.pdf; image003 (002) (002) (006).png

Hi Doug,

Great to hear from you. I'm sorry my connection was weak towards the end of our conversation and I was having a hard time hearing the last bits.

Attached is DOE's position regarding meeting the NCP requirements and DOE's proposal for additional public involvement.

Also, in case you are interested, Hg levels in the fish tissue in Bear Creek. (Dashed line is the benchmark for defining impairment/303(d) listing).

Have a good day,

Cathy Amoroso, Chief
